

Clinical Capabilities

HIGHLIGHTING OUR CLINICAL CAPABILITIES AND SKILLED SERVICES

Healthcare is changing and, so are we.

Patients with complex medical needs require enhanced clinical competencies which we deliver compassionately. Covenant Health post-acute care centers have expanded their clinical capabilities. Clinically, we're doing more. That's why Mary Immaculate Health/Care Services can be the skilled nursing center you and your families rely on for chronic disease and pain management, complex clinical interventions, rehabilitation and end-of-life care. Think of us when you need more.

Clinical Interventions:

IV Insertion	High Flow O2
IV Lasix	Suction Q 2 and 4 hours
IV Solumedrol	Suction Q shift
IV Antibiotics	CPAP/BiPAP
IV Fluids/hydration	Complex Wound Care
